NOTICE OF INTENT TO ADOPT NEGATIVE DECLARATION

This form is provided as a notification of an intent to adopt a Negative Declaration which has been prepared in compliance with the provisions of the California Environmental Quality Act of 1970, as amended, and Resolution #118-04.

PROJECT TITLE:

Application for a Use Permit by Chung Tai Zen Center of Sunnyvale

PROJECT DESCRIPTION AND LOCATION (APN):

Application for a Use Permit on a 1.5-acre site to allow the relocation of a community cultural place of assembly from 1031 N Fair Oaks Ave to the following site address. The property is located at **750 East Arques Avenue** (near N Wolfe Rd) in an M-S (Industrial & Service) Zoning District. (APN: 205-32-007)

WHERE TO VIEW THIS DOCUMENT:

The **Negative Declaration**, its supporting documentation and details relating to the project are on file and available for review and comment in the Office of the Secretary of the Planning Commission, City Hall, 456 West Olive Avenue, Sunnyvale.

This **Negative Declaration** may be protested in writing by any person prior to 5:00 p.m. on **Tuesday, July 5, 2005**. Protest shall be filed in the Department of Community Development, 456 W. Olive Avenue, Sunnyvale and shall include a written statement specifying anticipated environmental effects which may be significant. A protest of a **Negative Declaration** will be considered by the adopting authority, whose action on the protest may be appealed.

HEARING INFORMATION:

A public hearing on the project is scheduled for:

Monday, July 11, 2005 at 8:00 p.m. in the Council Chambers, City Hall, 456 West Olive Avenue, Sunnyvale.

Signed:

TOXIC SITE INFORMATION:

(No) listed toxic sites are present at the project location.

Circulated On June 15, 2005

Gerri Caruso, Principal Planner

PLANNING DIVISION CITY OF SUNNYVALE P.O. BOX 3707 SUNNYVALE, CALIFORNIA 94088-3707 File Number: 2005-0509 No. 05-16

NEGATIVE DECLARATION

This **Negative Declaration** has been prepared in compliance with the provisions of the California Environmental Quality Act of 1970, as amended, and Resolution #118-04.

PROJECT TITLE:

Application for Use Permit by Chung Tai Zen Center of Sunnyvale

PROJECT DESCRIPTION AND LOCATION (APN):

Application for a Use Permit on a 1.5-acre site to allow the relocation of a community cultural place of assembly from 1031 N Fair Oaks Ave to the following site address. The property is located at **750 East Arques Avenue** (near N Wolfe Rd) in an M-S (Industrial & Service) Zoning District. (APN: 205-32-007)

FINDINGS:

The Director of Community Development of the City of Sunnyvale, California, hereby determines that an environmental impact report is not required. There are sufficient environmental controls incorporated into the zoning regulations to ensure no significant detrimental effect.

The above determination is based upon the initial study conducted in this matter information provided by the applicant in an "Application for Environmental Finding" and "Application for Environmental Clearence". No endangered species are known to depend on this site for habitat.

This **Negative Declaration** may be protested in writing by any person prior to 5:00 p.m. on **Tuesday, July 5, 2005**. Such protest shall be filed in the Department of Community Development, 456 W. Olive Avenue, Sunnyvale and shall include a written statement specifying anticipated environmental effects which may be significant. A protest of a Negative Declaration will be considered by the adopting authority, whose action on the protest may be appealed.

No. 05-16

California Department of Fish and Game CERTIFICATE OF FEE EXEMPTION

De Minimis Impact Finding

PROJECT TITLE/LOCATION (INCLUDE COUNTY):

The Use Permit is located on 750 East Arques Avenue, City of Sunnyvale, County of Santa Clara in an M-S (Industrial & Service) Zoning District. APN: 205-32-007

PROJECT DESCRIPTION:

Application for a Use Permit on a 1.5-acre site to allow the relocation of a community cultural place of assembly from 1031 N Fair Oaks Ave to the following site address. The property is located at **750 East Arques Avenue** (near N Wolfe Rd) in an M-S (Industrial & Service) Zoning District. (APN: 205-32-007)

FINDINGS OF EXEMPTION:

- 1. This project is in an urban setting.
- 2. There is no alteration of land or effect on fish or wildlife.

CERTIFICATION:

I hereby certify that the public agency has made the above finding and that the project will not individually or cumulatively have an adverse effect on wildlife resources, as defined in Section 711.2 of the Fish and Game Code.

Title: Principal Planner, Community Development

Lead Agency: City of Sunnyvale

Date: <u>June 14, 2005</u>

DFG: 3/94 Planner E12528

Project Number: 2005-0509 Project Address: 750 E. Arques Ave. Applicant: Fu-Sheng Tsung

	<u> </u>
Project Title	Use of Building in Industrial Zoned area as a Community Center (relocate Chung Tai Zen Center of Sunnyvale from 1031 N. Fair Oaks)
Lead Agency Name and Address	City of Sunnyvale PO Box 3707 Sunnyvale, CA 94088-3707
Contact Person	Jamie McLeod
Phone Number	408-730-7429
Project Location	750 East Arques Ave.
Project Sponsor's Name	Fu-Sheng Tsung
Address	1031 N. Fair Oaks Ave., Sunnyvale, CA 94539
Zoning	MS
General Plan	Industrial
Other Public Agencies whose approval is required	None

Description of the Project: The applicant proposes relocating an existing community Zen center to the subject site in an existing building in an industrial zone (the center is currently located at 1031 N. Fair Oaks Road in an Industrial-to-Residential zoned site). The community center includes a meditation center, library, classrooms and a lecture hall (for up to 70 persons), and administrative offices. The target population is primarily adults: high-tech professional, entrepreneurs and community members.

The hours of operation for the Zen Center are Tuesday through Friday from 10:00 a.m. to 5:00 p.m. for general information and administrative activities (12 staff/volunteers plus members of the public), and from 6:00 p.m. to 9:00 p.m. for meditation and prayer services (3 monks and approximately 75 attendees). On Saturday and Sunday, the Center has services and lectures for up to 70 people between the hours of 9:00 a.m. to 9:00 p.m. The Center is closed on Mondays.

Surrounding Uses and Setting: The property is bordered as follows: North: Across East Arques, High Density Residential and a fire station;

South: Industrial, formerly occupied by a high tech firm; East: Industrial, occupied by a community center; and

West: Across San Geronimo Way, Industrial, occupied by a community center (church).

Surrounding uses are predominantly Industrial. There is Residential and Industrial-to-Residential located northwest of the site. This section of Arques has several community centers or churches. Nearby Wolfe Road is an arterial road, providing easy access to Central Expressway.

Project Number: 2005-0509 Project Address: 750 E. Arques Ave. Applicant: Fu-Sheng Tsung

EVALUATION OF ENVIRONMENTAL IMPACTS

- 1. A brief explanation is required for all answers except "No Impact" answers that are adequately supported by the information sources a lead agency cites in the parentheses following each question. A "No Impact" answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g. the project falls outside a fault rupture zone). A "No Impact" answer should be explained where it is based on project-specific factors as well as general standards (e.g. the project will not expose sensitive receptors to pollutants, based on a project-specific screening analysis).
- 2. A brief explanation is required for all answers except "No Impact" answers that are adequately supported by the information sources a lead-agency cites in the parentheses following each question. A "No Impact" answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g. the project falls outside a fault rupture zone). A "No Impact" answer should be explained where it is based on project-specific factors as well as general standards (e.g. the project will not expose sensitive receptors to pollutants, based on a project-specific screening analysis).
- 3. All answers must take account of the whole action involved, including off-site as well as onsite, cumulative as well as project-level, indirect as well as direct, and construction as well as operational impacts.
- 4. Once the lead agency has determined that a particular physical impact may occur, then the checklist answers must indicate whether the impact is potentially significant, less than significant with mitigation, or less than significant. "Potentially Significant Impact" is appropriate if there is substantial evidence that an effect may be significant. If there are one or more "Potentially Significant Impact" entries when the determination is made, an EIR is required.
- 5. "Negative Declaration: Potentially Significant Unless Mitigation Incorporated" applies where the incorporation of mitigation measures has reduced an effect from "Potentially Significant Impact" to a "Less Significant Impact." The lead agency must describe the mitigation measures, and briefly explain how they reduce the effect to a less than significant level (mitigation measures from Section 17, "Earlier Analysis," may be cross-referenced).
- 6. Earlier analysis may be used where, pursuant to the tiering, program EIR, or other CEQA process, an effect has been adequately analyzed in an earlier EIR or negative declaration. Section 15063 (c) (3) (d). In this case, a brief discussion should identify the following:
- 7. Earlier Analysis Used. Identify and state where they are available for review.
- 8. Impacts Adequately Addressed. Identify which effects from the above checklist were within the scope of and adequately analyzed in an earlier document pursuant to applicable legal standards, and state whether such effects were addressed by mitigation measures based on the earlier analysis.
- 9. Mitigation Measures. For effects that are "Less than Significant with Mitigation Measures Incorporated," describe the mitigation measures which were incorporated or refined from the earlier document and the extent to which they address site-specific conditions for the project
- 10. Lead agencies are encouraged to incorporate into the checklist references to information sources for potential impacts (e.g. general plans, zoning ordinances). Reference to a previously prepared or outside document should, where appropriate, include a reference to the page or pages where the statement is substantiated.

g.	Place housing within a 100-year floodplain, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?				\boxtimes	2, 24, 25, 111, 112
h.	Place within a 100-year flood hazard area structures which would impede or redirect flood flows?					2, 24, 25, 111, 112
i.	Expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam?				\boxtimes	2, 24, 25, 111, 112
j)	Inundation by seiche, tsunami, or mudflow?				\boxtimes	2, 24, 25, 111, 112

Discussion:

- **3.e. BIOLOGICAL RESOURCES:** The applicant has proposed removing some of these existing trees; however, installation of replacement trees can be addressed through the landscape plans. The City shall require installation of a sidewalk along Arques which will likely impact the roots of the existing front yard trees. This can be addressed through specific sidewalk construction requirements, including designing a meandering sidewalk.
- **5.b. LAND USE AND PLANNING:** The proposed use for this site is not in accordance with the zoning for this area. However, the surrounding uses include residential and existing community centers. Further, this community center is targeted more for working adults rather than children or the elderly, resulting in a less sensitive receptor population. The establishment of a community center does limit the future uses for the surrounding sites; however, those uses have already been restricted by the other community centers.
- **11.a. GEOLOGY AND SOILS:** Given that Sunnyvale is located in an earthquake-prone area, the negative responses to this question are based on not increasing the existing relative risk.
- **13.a. TRANSPORTATION / TRAFFIC:** The proposed use would increase traffic over the existing levels given the current vacancy. However, the anticipated levels are not expected to exceed the design levels for this site. In addition, the site is located close to a major roadway, minimizing the overall impact of increased traffic in this area.

13.f. TRANSPORTATION / TRAFFIC: Staff is currently working with the applicant to clarify which uses will be restricted to which parts of the site, which will enable a final determination to be made regarding parking requirements. As the applicant has proposed to meet the City's requirements, this issue will be addressed through restriction to the locations and times of use on the site.

14.a. HAZARDS AND HAZARDOU MATERIALS: The Industrial Zoning District allows many types of industrial uses. Historically a couple of semiconductor uses were previously located in the area. Currently there are no uses within the area that operate with significant hazardous materials that would conflict with the proposed use. The proposed use would limit the surrounding businesses to certain types of industrial uses, even though those uses may be allowed by a matter of right in this zoning district.
